# Our Program

**T**he Community Christian Education Program (CCEP) offered at MCS is founded on the Christian worldview of loving your God and loving your neighbour as yourself. The program seeks to teach students how to live their Christian faith in the context of their local and broader community.

Like any school, we could make a list of features that parents like to hear: strong academics, excellent sports programs, Spanish, mission trips and leadership experiences.

**So what makes MCS unique? Why do alumni want to work here, send their children here or just come back and visit? Because it's a community. A caring community.**
